

Department: Finance and Operations
Section: Operations

The School Board recognizes that schools often wish to carry out physical improvements to their school buildings or properties that cannot be accommodated within the available board budgets for Property Maintenance or Capital Renovations. When schools are able to provide the necessary funding, materials and/or labour to carry out a project, appropriate board staff must participate in the planning and execution of the project to ensure all statutory, regulatory and policy requirements are met and the project is suitable for the school facility.

Specifically:

- The School Principal will be responsible for the application of this policy.

Monitoring:

- The Director of Operations is responsible for the implementation, monitoring and revision of this policy.
- This policy will be monitored annually.

Board Approved: December 5/01
Ref: AP 201.3; AP 201.3 Appendix A
Monitoring Date: Annually
Revised:
