

Department: Finance and Operations
Section: Operations - Transportation

Schools are strongly encouraged to utilize school buses for transportation of students on co-curricular and extra-curricular trips, because school buses provide the safest means of travel. However, regulations under the Motor Carrier Act permit the use of privately owned, or board owned, leased, controlled, or contracted vehicles for the transportation of students on co-curricular and extra-curricular school trips within defined parameters.

Monitoring:

- The Director of Operations is responsible for the implementation, monitoring and revision of this policy.
- This policy will be monitored annually.
