

Department: Human Resources
Section: Employee and Labour Relations

The Annapolis Valley Regional School Board believes that all positions with the Board should have appropriate titles. A position title is a label that uniquely identifies and generally describes a position. The same descriptive position title shall be given to a group of positions, regardless of location, which are substantially the same in duties and responsibilities, and which require substantially the same knowledge, skills and abilities performed under similar working conditions. The Board believes official position titles ensure standardization, consistency and ease of which to accurately understand roles and responsibilities.
