

Department: Programs and Services
Section: Special Education

The Annapolis Valley Regional School Board believes that even in the best planned and operated organizations, events of an extraordinary nature may occur which create emergency and even crisis conditions.

Therefore, staff is directed to develop a Crisis Intervention Activation Guide that anticipates the most probable circumstances of crisis and pre-plans training and response procedures to be followed to minimize harmful or negative effects of the crisis.

Specifically:

- The Director of Programs and Services will be responsible for the implementation, monitoring and revision of the policy.
- The policy shall be reviewed annually.
