

Department: Programs and Services
Section: Special Education

The Annapolis Valley Regional School Board believes that the process of identifying students with special needs must be done with care, sensitivity, and professionalism.

Therefore, the Board directs staff to implement a process for identification of students with special needs, and to ensure that when standardized individual assessment instruments are used to assist in the programming process for a student, they are administered by staff who are appropriately qualified to use and interpret them.

Monitoring:

- The Director of Programs and Services is responsible for the implementation, monitoring and revision of this policy.
- This policy will be monitored annually.
